PROFILE

Real-Time Analyst with 10+ years of professional experience across iGaming operations, risk and fraud, customer service and technical support. Combines analytical thinking with operational awareness and a customer-first mindset. Focused on monitoring performance, identifying trends and service issues, supporting resource decisions and communicating actionable updates.

PROFESSIONAL EXPERIENCE

Kaizen Gaming
2021 — 2026

Athens, Greece · Progression across three roles

- **Real-Time Analyst (2024–2026):** Monitored live performance and service indicators; identified emerging issues; supported staffing decisions; coordinated teams and operational updates.
- Automated daily stand-up script generation, reducing preparation time by **80%**.
- Built **Script Volt**, a safeguarded team-script library, and designed **RT Live Companion** to improve shift organisation.
- **Junior Risk & Fraud Analyst (2023–2024):** Monitored transactions, investigated suspicious activity, analysed risk patterns and supported fraud-prevention practices.
- **Customer Service Specialist (2021–2023):** Supported customers via social media, email and chat; resolved enquiries and complaints; maintained accurate interaction records.
